the Off-Peak Period.	)	

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of MCI Telecommunications Corporation (MCI) for approval of revisions to its S.C.P.S.C. Tariff No. 1. The purpose of this filing is to increase the per-minute usage charge associated with the MCI Sure Savings Option of Execunet during the off-peak period from \$.125 to \$.1375.

The Commission has examined this matter and believes that the proposed increase is greater than the maximum rate presently filed for the service with this Commission. The Commission, therefore believes, pursuant to Order No. 84-622, that the matter must be treated as a general rate case, and therefore, set for hearing.

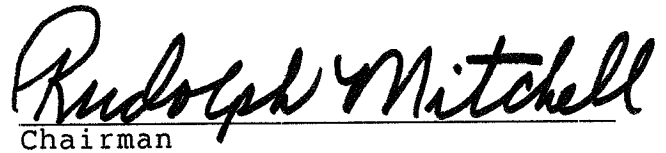

IT IS THEREFORE ORDERED THAT:

1. The request of MCI to increase the per-minute usage charge associated with the MCI Sure Savings Option of Execunet during the off-peak period shall be set for hearing at such time

as Staff shall deem appropriate.

2. This Order shall remain in full force and effect until further Order of the Commission.
